

# Meeting Notes

## **Project Title: Lil Uzi Vert Website**

Creative Director: Rob Hall

Designer: Samantha Brotman

11/13/2019

- Samantha and I agreed on my general direction to make the page less informational and instead focus the content to reflect Uzi's eccentric personality
- We agreed on use of the dark colors, and oergaps incorporating large stylized fobts as headers
- We are going to stay in the direction of multiple pages on the website instead of a scrolling page
- There are lots of photos to choose from, so we will use google image as our main resource for that
