## **Project Title: Lil Uzi Vert Website**

I'm planning to make four pages for this site instead of a long, single page website. I will put navigation tabs somewhere across the top, or at the top left of the page. The wikipedia itself has a lot of content, and Lil Uzi is quite famous, so I should have no problem finding images.

- 1. Home Page, quick summary + 1-3 photos**
- 2. Early Life / Background / Rise**
- 3. Music + Discography**
- 4. Personal Life**
- 5. Awards**
